Navigating Challenges, Delivering Results

"Not just a slogan but our commitment" — Willem de Vreugd (founder)

What we do

Here is an overview of our services and solutions. We specialize in logistics tailored to the needs of ship owners, shipping companies, and suppliers. Our offerings cover a wide range of maritime-related services, ensuring efficiency and reliability.

Dedicated Deliveries

We know time is money, so transit time is critical. We deliver your parts or supplies within the EU in 36–48 hours using dedicated vans and trucks.

Road, Sea & Air

Through our extensive network and trusted partners, we provide global cargo transportation by road, sea, and air — efficiently and reliably, worldwide.

Storage & Packing

Together with trusted partners in the Rotterdam area, we offer secure bonded and hazardous goods storage, as well as professional packing and crating services.

Customs

We guide you through customs regulations and border controls for import and export, ensuring smooth transit at both origin and destination.

About De Vreugd Marine Logistics (DVML)

At De Vreugd Marine Logistics, we focus on dedication and reliability in everything we do. We value straightforward communication, allowing us to respond quickly and transparently. With a no-nonsense approach, we aim to work efficiently and keep things practical.
